Sarah

Age: 40
Occupation: Home Gardner
Status: Married
Location Bengaluru

Nurturing | Patient | Family-Oriented

"Sarah is a 40-year-old stay-at-home mom with a passion for gardening. Her backyard is her haven, and she enjoys spending time there with her family".

Tasks:

- Tending to her diverse garden and outdoor plants.
- Organizing outdoor family activities in their backyard.
- Researching new plant varieties and gardening techniques.

Goals:

- To Keep indoor plants healthy and growing.
- Deepen her plant care knowledge and expertise.
- To stay consistent and motivated in plant care.

Pain Points:

- Struggles to find comprehensive and accurate plant care guidance.
- Desires a centralized platform for plant care information and community interaction.

Bio:
Sarah is a 40-year-old stay-at-home mom with a love for gardening. She lives in a suburban house with a spacious backyard, which she has transformed into a vibrant garden oasis. Sarah is dedicated to creating a nurturing environment for her family and finds joy in teaching her children about nature.

Personality:

Extrovert — Introvert
Sensing — Intuition
Thinking — Feelings
Judging — Perceiving

ROOTIFY

Rootify is a plant shopping and care app designed for plant lovers. It helps users buy indoor and outdoor plants easily while also providing plant care reminders. The app combines shopping convenience with education and sustainability, promoting a love for greenery in everyday life.

PROBLEM STATEMENT

Many plant enthusiasts struggle to find the right plants and maintain their health due to a lack of knowledge and reminders. Traditional online stores focus only on selling plants without guiding users on plant care.

PROBLEM SOLUTION

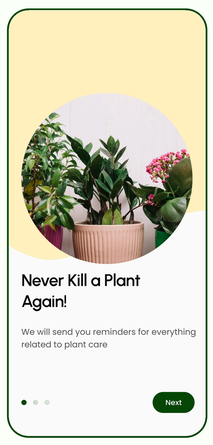
A user-friendly shopping experience with clear plant details and visuals.
A care reminder system to help users maintain healthy plants.
Organized categories and a simple checkout process for faster decisions.
Visually calm, nature-inspired UI for an eco-friendly feel.

ROOTIFY(UI SCREENS)

SPLASH SCREEN

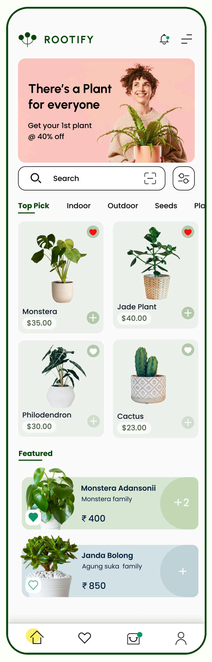
Shows the Rootify logo with a minimal background.
Builds brand recognition and sets the tone with natural color.
💡 **Goal: Create a simple, calm entry point for users.**

ONBOARDING SCREEN



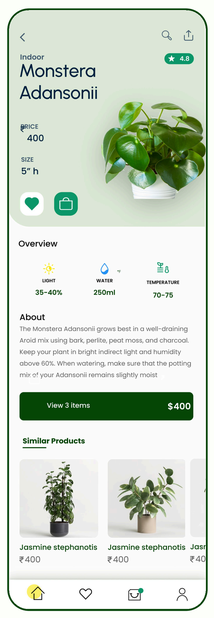
Encourages users with a message: "Never Kill a Plant Again!"
Explains app benefits (care reminders, plant tips).
"Next" button guides users through the onboarding process.
💡 **Goal: Educate new users about app value in a friendly tone.**

HOME SCREEN



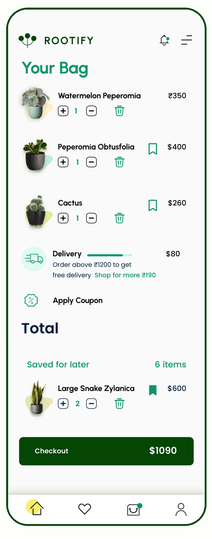
Hero banner with discount offer for engagement.
Organized tabs: Top Pick, Indoor, Outdoor, Seeds.
Product cards with price, favorite icon, and add button.
💡 **Goal: Easy browsing and selection of plants.**

PRODUCT DETAILS SCREEN



Shows high-quality plant image with name, price, and rating.
Key info: light, water, and temperature needs.
"Add to Cart" and "Wishlist" buttons.
💡 **Goal: Help users make informed purchase decisions quickly.**

CHECK OUT SCREEN



Shows selected items with quantity and price.
Delivery info, coupon section, and total price summary.
"Checkout" button for final purchase.
💡 **Goal: Provide a clear and friction-free buying experience.**
